

FORTUNE-TELLER INSTRUCTIONS

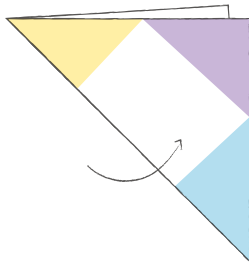

STEP 1

Start by cutting the fortune-teller on the dotted lines.

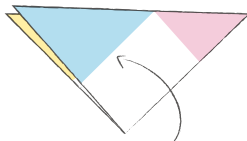

STEP 2

With the blank side facing upward, fold the paper in half into a triangle.

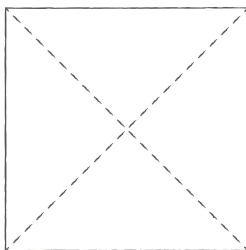

STEP 3

Fold again into a smaller triangle.

STEP 4

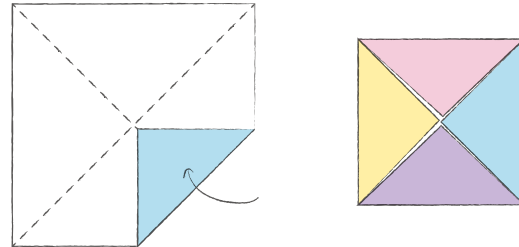

Open the paper up (unfolding all the folds), turning it blank side up.

STEP 5

With the blank side facing upward, fold a corner into the central point. Repeat with the opposite corner.

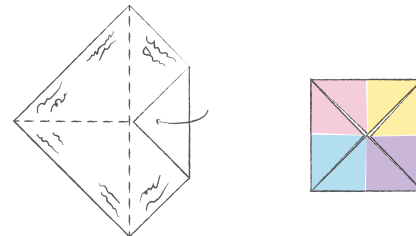

Repeat with the other 2 corners. You'll end up with a square.

STEP 6

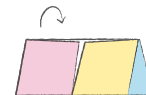

Flip the paper over. Fold a corner over to the centre. Repeat with the opposite corner.

Fold over the other 2 corners. You'll end up with a smaller square. At this point, you should only see numbers.

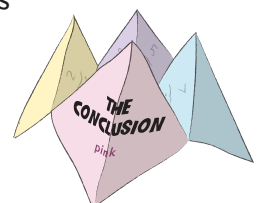

STEP 7

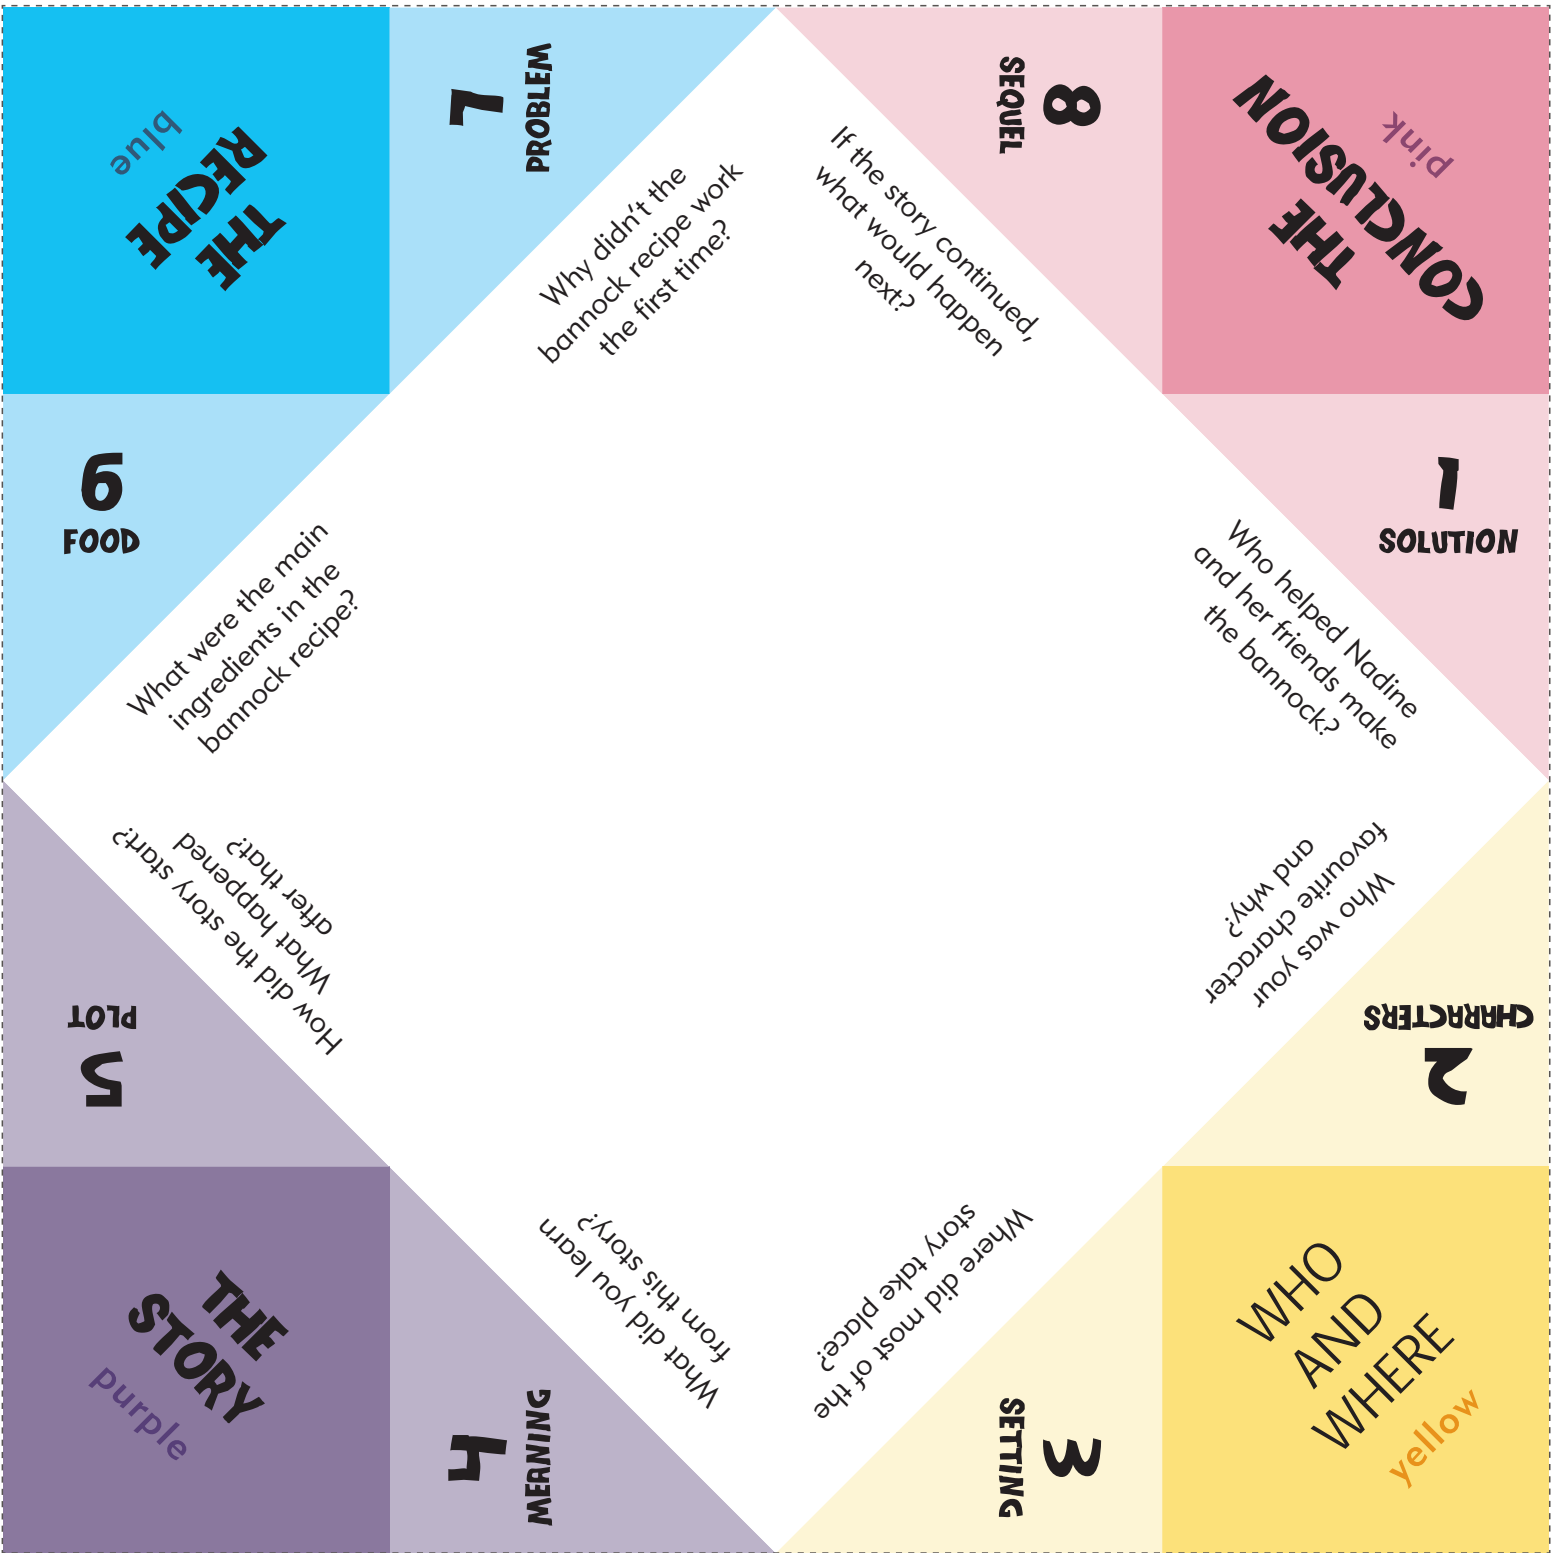

Fold the square in half (the numbers should be on the inside). Unfold and fold in half the other way.

STEP 8

Unfold and pull the 4 corners together. Put your fingers inside the flaps. You will be able to move the four corners in and out.

FORTUNE-TELLER READING COMPREHENSION

How to play the game

- 1** Push your index fingers and thumbs into the 4 pockets to create the final shape (like a pyramid).
- 2** Have a classmate choose one of the 4 colours on the top 4 flaps and spell out the colour they choose (e.g., if the colour is blue, spell out the letters of blue while alternating with a pinching and pulling motion).
- 3** After the colour is spelled out, there will be 4 numbers showing. Ask your classmate to pick a number.
- 4** Repeat the pinching and pulling motion to count the number they choose. Ask them to choose another number that is now showing.
- 5** Open the flap of the chosen number.
- 6** Read the question to the classmate and have them answer the question.

BLANK FORTUNE-TELLER

How to play the game

- 1** Push your index fingers and thumbs into the 4 pockets to create the final shape (like a pyramid).
- 2** Have a classmate choose one of the 4 colours on the top 4 flaps and spell out the colour they choose (e.g., if the colour is blue, spell out the letters of blue while alternating with a pinching and pulling motion).
- 3** After the colour is spelled out, there will be 4 numbers showing. Ask your classmate to pick a number.
- 4** Repeat the pinching and pulling motion to count the number they choose. Ask them to choose another number that is now showing.
- 5** Open the flap of the chosen number.
